### NOTICE DEMOCRATS.

On July 28th, 1914 the club rolls will close. After that date no name shall be enrolled. All democrats are urged to enroll at their nearest club without delay. If any qualified voter fails to enroll he can blame only himself. Write your full name on the club roll and do it now. All clubs except Cox mill, Grove School and Slabtown have sent in the names of their enrollment committee. These clubs are urged to send them in without delay.

The secretaries of all the clubs will send in the club rolls between the 28th of July and August 1st, and the executive committee from each club is requested to see that this rule is complied with.

The time for filing pledges and paying assessment of candidates expires on August 7th, at 12 o'clock sharp. The pledge is to be filed with the secretary and the assessment paid to him.

Leon L. Rice, Secretary. S. D. Pearman, County Chairman.

### Notice to Members of Enrollment Committees, Secretaries of Clubs and Clerks.

It is absolutely necessary for every citizen who intends to vote in the coming primary election for State and County Officers, member of Congress and United States Senator, to personally enroll his name upon the club roll. Sign the roll nearest to your residence by the most direct practical route. Sign your name in full. There is some apprehension that a great number of citizens will fail to place their names upon the roll and thereby be deprived of voting either through indifference, procrastination, or close application to business.

Those who neglect to take time to enroll before the book closes which will be on the 28th day of July, cannot vote.

It is the duty of the members of the enrollment committees of the various clubs to keep the enrollment books in a convenient place in the precinct accessible to those desiring to enroll their names.

The secretaries are notified to impress upon all those who have not enrolled the importance of doing so before the books are closed.

S. D. Pearman, County Chairman.

### To Get Rid of Roa Ants.

Red ants can make a house almost uninhabitable. One can get rid of them, however, if one knows how. The first thing to do is to find the place they come from—i. e., where their nest is. If it is in an accessible spot, a little kerosene will quickly stop the trouble. On the other hand, if the nest is in the wall or under the floor, use the nearest accessible point, and kill the insects as they appear.

## New York Cotton

New York, July 13.—Apprehensions of drought damage in the south-west caused a sharp advance in the cotton market early today, but considerable realizing was encountered and prices later eased off with Wall Street rather than active sellers toward the close. Reports of unfavorable political developments in Great Britain. Last prices were barely steady with old crop months relatively easy, and with the general list 2 points lower to 7 points net higher.

The market opened firm at an advance of 9 to 14 points on relatively fair cables and the favorable weather advices to indicate any important rain fall in the southwest belt forecast for generally fair weather tonight and tomorrow, added to the anxiety of the trade over Texas crop outlook and prices sold 14 to 18 points net higher during the early trading. There was some foreign and Southern buying as well as covering of shorts on this advance. Immediately demand seemed to taper off, however, while offerings were liberal enough to suggest quite a general disposition among recent buyers to take profits, and prices gradually eased off.

Cotton figures closed steady:

July	1258	1240
August	1247	1240
October	1238	1232
December	1255	1250
January	1248	1242
March	1252	1247

## New Orleans Cotton

New Orleans, July 13.—Cotton had a good undertone today on account of crop damage and threatened damage in the Western belt through drought. In the early trading the tendency was strongly upward, but profit taking by scalping longs was started on an extensive scale and the offerings checked the upward movement of values and finally worked against them. At their best the trading months were 10 to 13 points over the final quotations of Saturday. The market closed at a net gain of 2 to 4 points.

July 12, 98; August 1284; October 1244; December 1264; January 1249; March 1258.

Spot cotton quiet unchanged, middling 12 5-16; strict middling 13 11-16. Scales on the spot 650; to arrive 85.

## Stocks and Bonds

New York, July 13.—Continued selling of securities, a goodly part of which was believed to represent liquidation today caused further unsettlement in the stock market. The movement differed from that at last week in that it offered most of the high grade issues. A noteworthy feature was the persistent offering of Canadian Pacific. It sustained a net loss of 4 1-8 points. The selling was ascribed to commission brokers presumably acting for some clients.

United States Steel was another leader to decline and Union Pacific, the coalers and metal shares yielded from 1 to 2 points. New Haven and other issues of the same class were again weak, the former declining to interests recent low record, while some of the Gould stocks added to their recently severe losses. The arrangement of New Haven's former management by the Interstate Commerce Commission had little effect on the market.

Prices rallied fractionally in the final declines, and the tone at the close was weak. New Haven however, reflecting some buying.

London was a moderate buyer here despite dull conditions at home. Paris was observing a holiday and Berlin prices were lower. Renewed weakness was reported from Vienna. Money rates were normally higher.

In the bond list half a score of low priced issues lost from 7 to 10 1-2 points the latter being the extent of the decline in one of the New Haven subsidiaries. Total sales par value, \$1,937,000.

Panama coupon 3s. declined 1 1-2 per cent. on call.

## Grain & Provisions

Chicago, July 13.—Immense reports from the crop led to a decided fall today in the price of wheat. The market, after favoring the bears throughout the session, closed heavy at 7-3 to 1 1-8 net decline. Corn finished 5-8 to 7-8 down, oats off 5-8 to 1 1-8 a 1 1-4c, and provisions ranged from 10c loss to an advance of 20 cents.

## Cotton Seed Oil

New York, July 13.—(Lead)—Because of the steadiness in lard, and a firmer cotton market, cotton seed oil was steadier today with a fair trade mostly local. The demand for consumers was still rather small. Closing prices were 2 points lower to 2 higher. Sales 9,000 barrels. Prime crude 627 normal; prime summer yellow 730.

## Liverpool Cotton

Liverpool, July 13.—Spot cotton steady. Good middling 798; middling 747; low middling 699. Sales 4,000; for speculation and export 300. Receipts 400.
